Methodology

Interviews were conducted at the William J. Hughes Center for Public Policy's Stockton Polling Institute by live interviewers calling from the Stockton College campus. The poll was conducted with 601 likely voters from Sept. 23-26, 2013. Interviewers called both land lines and cell phones. All prospective respondent households in the state have the same chance of joining the sample because of random selection. The survey has a margin of error of +/- 3.9 percent at a 95 percent confidence level. MOE is higher for subsets. Data are weighted based on United States Census Bureau demographics for the 1st District population.

About the Hughes Center

The William J. Hughes Center for Public Policy (www.stockton.edu/hughescenter) at The Richard Stockton College of New Jersey serves as a catalyst for research, analysis and innovative policy solutions on the economic, social and cultural issues facing New Jersey. The Center is named for William J. Hughes, whose distinguished career includes service in the U.S. House of Representatives, Ambassador to Panama and as a Distinguished Visiting Professor at Stockton College. The Hughes Center can be found at <http://www.facebook.com/Hughes.Center.Stockton.College> and can be followed on Twitter @hughescenter.
