Stockton Processes & Systems

Electronic Performance Assessment & Review (ePAR) trainings and tutorials. These video tutorials are geared towards either RATEES (those being evaluated through ePAR) or RATHERS (those supervising classified staff). Since the bulk of the ePAR process is driven by RATHERS, most tutorials are for RATHERS to assist in entering content and moving the process efficiently along.

Manager Evaluation & Review (MER) trainings and tutorials. These trainings are conducted (and then available on demand) just before the MER Workflow process opens to managers. Trainings cover specifics on completing the required templates and documents as well as how to navigate within the Workflow system.

Wellness

EAP Mentorship focuses on helping managers understand and manage relationships related to the four quadrants of EQ: self-awareness, self-management, social awareness, and relationship management.

Diversity, Equity, Inclusion Teams & Individuals

Walking on Eggshells: Navigating the Language of Diversity
This free, virtual, and interactive training will explore current research on inclusive language and why it is an important part of dismantling bias. Through interactive exercises, participants will unpack current terminology related to diversity, equity, and inclusion, and the practice strategies for using the language of diversity.
