The committee, our supporters, local businesses, Stockton's softball team, offices across campus, my colleagues and the team at Seaview worked countless hours preparing for the outing. When you have this kind of turnout and the golfers enjoy themselves while supporting a worthy cause, everyone wins. We are very grateful to our generous donors and dedicated volunteers."

The Richard Stockton College of New Jersey Foundation was established in 1972 by friends of the College to provide for the financial needs of Stockton College. The Stockton College Foundation has been designated by the Board of Trustees of Stockton College to solicit, receive, hold and manage funds and property on behalf of the College.

The scholarship program, made possible by both College funding and private donations to the Stockton College Foundation, provides awards to outstanding freshmen, upperclassmen and graduate students. Awards to upperclassmen and graduate students are determined by a presidential-appointed Scholarship Selection Committee. This Committee includes representatives of the faculty, administration, and Board of Directors of the Stockton College Foundation. Students may apply to the Scholarship Program on an annual basis. Successful applicants exhibit high academic achievement as well as leadership and service to the College and community. Award recipients maintain a minimum grade point average of 3.0 and are fully matriculated students.
