Galloway Township, NJ - The community is invited to attend an informational session on the treatment of hand conditions on **Wednesday, Feb. 25** at the Manahawkin Instructional Site of The Richard Stockton College of New Jersey.

The session, "Minimally Invasive Treatment of Hand Conditions," will be led by Dr. Kevin Lutsky of the Rothman Institute at AtlantiCare.

Dr. Lutsky specializes in several areas related to the hand, wrist, and elbow, including the treatment of complex fractures of the hand, wrist, and elbow, arthritis in the hand and wrist, and carpal and cubital tunnel syndromes. Throughout his career, Dr. Lutsky has conducted research for articles published in numerous medical journals specializing in hand care and surgery, according to his Rothman biography.

During the session, Dr. Lutsky will be available to answer questions from the audience.

This is part of the Lunch & Learn series sponsored by AtlantiCare and the Manahawkin Instructional Site, located at 712 East Bay Ave. Lunch will be provided at the seminar, which will be held from 12 noon to 1 p.m.

Please call 609-626-3883 to RSVP for this event.
