isolese Mr. William Thomas, CEO of Compassionate Care Foundation give an update on the status of medical marijuana in New Jersey on Thursday a

Eighteen states have legalized medical use of marijuana, and there is currently one treatment center (ATC) that is operational in New Jersey. Greenleaf Compassionate Care Foundation, the first ATC in the state, is located in Montclair, New Jersey. William Thomas is the second alternative treatment center in Egg Harbor Township at 100 Century

Thomas went through the \$150,000 application process and 500 pages later, he is away from potentially opening Compassionate Care Foundation, an alternative treatment center in EHT. Thomas, who previously worked in health insurance for corporations, explained, "It's the hardest thing I've ever done."

The Compassionate Care Foundation, set to open in August 2013, will create a community of members including interns, farmhands, consultants, security guards and consultants.
