Galloway Township, NJ – The Richard Stockton College of New Jersey has teamed up with the South Jersey Professional School of Business to offer continuing education courses in Atlantic County for insurance professionals who live in the area.

“Previously, many of these courses have been available in locations inconvenient to area residents,” said Cynthia Sosnowski, associate dean, graduate and continuing studies. “We are proud to offer a full range of insurance industry continuing professional education courses for the first time on our beautiful campus in Galloway Township.”

Sosnowski said that in addition to a convenient location, the classroom-based courses offer small class sizes to enhance individualized instruction.

Courses take place on the third Friday each month, beginning Oct. 21 at Stockton. For a complete schedule and to register, go to www.stockton.edu/cs, under Continuing Professional Education/Business, or call 609.626.3599.
